

# Global Search

At the top left of all the screens is the global search. You can type a few characters in here then a drop down will appear for you to choose which area of the system you want to search

The screenshot displays the Agri-ERP user interface. At the top, a dark blue navigation bar contains icons and labels for 'Home', 'Trading Partners', 'Products', 'Commercial', 'Billing | Payment', and 'Bank/Cash'. Below this, the main content area is titled 'Home area'. On the left side, there is a vertical sidebar with a search bar and several menu items: 'My dashboard', 'Setup', 'Admin tools', and 'Users & Groups'. The search bar is currently empty and has a red arrow pointing to it from the right. Below the search bar, the sidebar shows the system name 'Agri-ERP (c4f5dba 31072024)' and version '7.0.0'. The main content area features a 'Open items dashboard' button and several data cards: 'Sales Contracts to p...' with a count of 38 and a warning icon with 17, 'Supplie', 'Entries to reconcile' with a count of 0, and 'Check:'. At the bottom, there is a partially visible 'Open accounts balance' button.

Simply click on the list the area of the system you wish to search and you will be taken to the results from that area
