

Logging In / Password Reset

Enter the username and password provided to you by your administrator and press Log In

If the credentials aren't correct you will be presented with a message. You can reset your password using the link indicated

This will take you to the following page to complete whereby you will receive a new password in the email address recorded on the system

 Login

Security code 

[\(Back to login page\)](#)

This form allows you to request a new password. It will be sent to your email address.
Change will become effective once you click on the confirmation link in the email.
Check your inbox.

Once you have logged in you should then arrive at the dashboard of Agri-ERP

The dashboard features a top navigation bar with icons for Home, Trading Partners, Products, Commercial, Billing | Payment, Bank/Cash, Accountancy, Tools, DocEdit, and Quick shipment. A user profile dropdown is visible in the top right.
